

Making Sense of Mathematics Through Gymnastics!

**Job Description:**

The summer camp program assistant position will include creating a safe and fun learning environment for up to 20 students, ages 4-12. Managing small and whole group activities with a focus on math and gymnastics. The position will also include setting up, and breaking down equipment, communicating with parents and facility faculty and staff, promoting current and upcoming programs via media outlets, and other duties as assigned.

**Ideal Candidate:** Energetic, organized, highly motivated high school junior, senior, or college student with an elementary, or early-childhood focus of study, or prior experience working with children ages 4-12. Candidate must have their own transportation and undergo a background check.
